PROFESSIONAL EXPERIENCE

Kiwimbi International

Marketing Analyst Intern

Remote

Feb 2024 – July 2025

- Built Kiwimbi's search advertising program, managing a \$10,000/month grant while self-teaching Google Ads.
- Increased website traffic by 46% and raised click-through rate from a 9.19% campaign average to 12.29%.
- Tracked 8+ key site actions using Google Analytics, creating detailed KPI dashboards that informed leadership decisions.

Level Club (Billiard Club)

Marketing and Growth Intern

Casablanca, Morocco

Jun 2023 – Jul 2023

- Introduced the club's first hourly rate pricing model, turning customer demand patterns into a new business strategy.
- Increased customer visits by 50% through targeted marketing and pricing strategy, contributing to an estimated 30% increase in sales during promotional periods

The Underground (College of Wooster)

Growth Analyst Intern

Wooster, Ohio

Aug 2024 – Sep 2025

- Analyzed student engagement and participation patterns across digital and in-person channels to identify effective event formats, outreach tactics, and audience segments.
- Translated findings into actionable recommendations that improved event planning, messaging, and student outreach.

PROJECTS

Independent Study Thesis — Advertising Strategy Across the Marketing Funnel

- Developed a multi-stage economic model of advertising allocation across the marketing funnel, linking firm characteristics to brand-building and conversion-focused budget decisions.
- Compiled and analyzed advertising, financial, and industry data for publicly listed consumer-facing companies via panel regressions, identifying firm size and industry as the strongest predictors of advertising intensity.

Angel Investment Practicum

- Evaluated 10+ startup pitches by conducting thorough market research, detailed financial modeling, and comprehensive valuation analysis for a college-managed investment fund
- Assessed growth potential, competitive positioning, and investment risk to inform investment decisions.

Wooster Social Entrepreneurship Program Impact Evaluation

- Led a mixed-methods impact analysis of the program, evaluating nearly 20 years of outcomes since its 2006 launch.
- Synthesized stakeholder interviews and financial data into a comprehensive report with actionable recommendations.
